

Luís Moniz Pereira, born 1947 in Lisbon, is Professor Emeritus of Computer Science and was Director of CENTRIA, the AI centre at Universidade Nova de Lisboa (1993-2008). Doctor *honoris causa* by T.U. Dresden (2006), and elected ECCAI Fellow (2001), he launched and coordinated the *Erasmus Mundus* European MSc in Computational Logic at UNL (2004-2008), and belongs to both the Board of Trustees and to the Scientific Advisory Board of IMDEA – the Madrid Advanced Studies Institute (Software).

His research interests centre on Knowledge Representation and Reasoning, Logic Programming, and the Cognitive Sciences. Recently, he was the coordinator for UNL of the European IST project REVERSE.

He was the founding president of the Portuguese AI association, and a founding member of the editorial boards of: J. Logic Programming, J. Automated Reasoning, New Generation Computing, Theory and Practice of Logic Programming, J. Universal Computer Science, J. Applied Logic, Electronic Transactions on AI, Computational Logic Newsletter, Intl. J. Reasoning-Based Intelligent Systems (Advisory-Editor), member of Logic Journal of the IGPL, and is presently the Associate Editor for Artificial Intelligence of the ACM Computing Surveys.
